N° 0469/CCC/DG.-

**ANNOUNCEMENT TO BE CIRCULATED
TO THE ATTENTION OF BIMV – GENERAL AGENT**

In recent history, the Government of the Republic of Congo has documented an increase in the circulation within different markets of frozen products which have passed their expiration date, as well as in products forbidden for consumption within the entire national territory.

As a result, the transportation into the Republic of Congo of the products named above is formally forbidden.

In order to apply this announcement with immediate effect, all agents are required to take the necessary measures for a more rigorous control of information available in the ECTN's which they deliver to the forwarders.

Pointe Noire, December 19th 2011

The General Director

**Jean Jacques BANUANINA DIA-NGOMA
Captain**
